### TIME NOW LIMITED

Utah Counties Have Until September to Raise Big Road Fund.

The state of Utah has until September 1st to raise \$25,000 for expenditure on government post roads, in order to obtain an appropriation of an equal amount of money from the federal treasury for post road improvement. Of this amount the state must pay \$12,500, and the counties in which the money is expended must pay up their proportion of 25 per cent of the total amount spent in the respective counties.

Advice has been had from Washington, D. C., that though the fiscal year ends June 30th, an extension has been granted to September 1st to make this expenditure. For the purpose of bringing these facts home to the counties, the state road commission is continuing its sessions with boards of county commissioners of the various counties, and is urging them to take advantage of the liberal offer of the government to furnish them road funds.

### NO CLOSED DOORS WITH THE STATES INDUSTRIAL BOARD

The Sun is in receipt of this communication from the Utah public utilities commission, signed by its chairman, F. A. Thatcher, under date of May 25th: "A public meeting will be held at the office of the industrial commission, Room 424, State Capitol, June 1st, at 10 o'clock of the forenoon, for the purpose of giving all interested in the general safety orders, now being formulated by the commission, an opportunity of being heard on those orders, and a free discussion of the same will be invited. No doubt there are a great many employers as well as employees in your community who will be particularly interested in this order, as they will cover in a general way the safeguarding of all mechanical devices in the industries of the state."

### UNLAWFUL TO ADVISE

Liquor Dealers Liable to Get Themselves Into Serious Trouble.

\*\*\*\*\*

Granted that the laws of Utah mean what they say that after August 1, 1917, "it shall be unlawful for any person to have in his or its possession" intoxicating liquors, is a person who advises another to buy liquor before August 1st, in order that he may store it and have a supply in his possession after August 1st, himself violating the laws of Utah? This was the question put up to the attorney general of Utah by F. V. Fitzgerald, secretary to Gov. Simon H. Harberg. The reply may be summed up in the word "yes."

"We do not see," says the opinion, signed by Attorney General Dan H. Shields, "any reason why advice to commit a crime given before the date when it becomes possible to commit such a crime, but acted on by virtue of such advice after the date when the crime can be committed, would not come within Sec. 1074, Compiled Laws of Utah, 1907."

Sec. 1074 defines a principal in crime not only as one who commits the act constituting the offense, but also as one who, though not present has advised, encouraged or procured its commission.

The letter from Fitzgerald referred to a letter from Isaac H. Morgan, a prominent Salt Lake City merchant, who was in the liquor business in order that the same may be prosecuted after August 1st, next.

### OVER AROUND SUNNYSIDE

Many Thousands of Dollars Going In to Improvement—Personal.

SUNNYSIDE, May 26.—P. O. Bivagot of Price is here with a large force of men. He is contracting with Utah Fuel company on the new improvements being made in their already biggest camp.

Both of the Wasatch Stores company's establishments are crowded with business. Manager Hadley has bought heavily and anticipates the best season for a number of years.

Sunnyside's payroll is now running close to a hundred thousand dollars monthly after all deductions. However, this will drop down for a time with the completion of the recent improvements authorized.

Sunnyside's mines are working every day and there is employment for many more miners if they were obtainable.

Dr. Cook of this camp has volunteered his services to his country during the period of the war. He recently took the examination at Fort Douglas and passed with a very high percentage.

The roads from here to the county seat are in very good condition for automobile travel with the exception of one or two places in the vicinity of Wellington.

Mrs. H. H. Norgard was hostess for the Ladies' Literary club on Saturday afternoon at her home.

Mrs. George P. Wells entertained on Saturday evening for Mr. and Mrs. C. A. Jensen, Mr. and Mrs. Tulliver Evans, Mr. and Mrs. Samuel Dugmore, Mr. and Mrs. U. J. Clegg of Provo and Mr. and Mrs. D. A. Tidwell of Wellington.

Mrs. C. A. Paine entertained Wednesday afternoon at a card party for fourteen lady friends.

Friday evening a social was held in the ward house under the auspices of the elders' quorum. The evening was spent in games and music.

Miss Afton Odeklirk of Vernal is visiting in Sunnyside, the guest of her sister, Mrs. H. H. Norgard.

Mrs. P. B. Darger has returned home after spending ten days in Winter Quarters.

Mr. and Mrs. U. J. Clegg of Provo are visiting in Sunnyside, the guests of Mrs. George P. Wells.

## Workmen's Compensation Insurance

The workmen's compensation law having been passed by the last legislature it becomes compulsory for any company employing four (4) or more employees to carry this insurance. There being a large fine for failing to carry this insurance, it behooves the employer to know the workings of same. We are in a position to write this insurance in the largest companies of the world. So call us in your most convenient way and we will explain to you the workings of this law.

### SHORT WEIGHT BUTTER SOLD IN EMERY COUNTY

"Honest farmers" of Emery county have been putting short weight butter on the market, according to a report made by J. P. Nelson to Walter M. Boydell, state food and dairy commissioner, last Saturday. Nelson came to Emery, Carbon and Grand counties to check on the food, dairy, grocery and hotel situation. He reports the conditions generally good, but some spots would stand scolding.

In some places hotels were not all that the law desires and wherever he found conditions below par he issued a warning. He instructed the grocers who had short weight butter in their possession to return it to the producers at the producers' expense. He also found indelible ink used for marking butter and he urged the producers to get sterilized.

### TO CONSIDER RATES.

Application filed by the Traffic Service Bureau of Utah for permission to examine witnesses in the hearing of protests against the petition of fourteen common carriers in this state increasing freight rates approximately 15 per cent on all commodities in intrastate movement, has been granted by the state utilities commission. The hearing in this matter will be held by the commission June 6th at the state capitol.

"What are the passengers looking out of the windows for?" asked the nervous lady.

"We ran over a cat, madam," replied the conductor.

"Was the cat on the track?"

"Oh, no, we chased it up an alley."

### BOUNTIES ON GOPHERS

County Clerks Being Called Down By Joseph Ririe, State Auditor.

Bounty on gophers is five cents a head. On ground squirrels, prairie dogs, chipmunks and the like it is three cents. The gopher while not perhaps a rare animal in Utah, is much less commonly found than the others, which resemble it a trifle in appearance.

The county clerks confess they are at times puzzled to tell whether what is shown was a ground squirrel or a gopher. The county clerks solved the puzzle to their own satisfaction and that of the bounty hunters, by declaring the animals gophers, and issuing certificates for the five-cent bounty.

Joseph Ririe, state auditor, however, does not see it that way. He says that if all the claims already presented to his office are paid, he will have officially killed several times more gophers than there are in the state.

### CONVICT LELAND REFUSED ENLISTMENT IN THE ARMY

When Edward Leland, convict, escaped from the prison road gang up on Horse Creek a few days ago for the purpose of enlisting in the army to fight for his country, he had not in mind a clause in the law that prohibits the acceptance of a man convicted of a penal offense in any arm of the country's service.

Leland was arrested at Grand Junction, Colo., by George Collingham, sheriff of Carbon county, and turned over to Warden George A. Storrs. Leland will lose his credit marks and will be charged with escaping from custody.

### TAGS FOR ALL PELTS.

Tags prepared by the state live stock board, in connection with the enforcement of the law passed by the last legislature with reference to the slaughtering of animals, are being forwarded to the various county officials of the state. The law provides that the hides or pelts of all animals killed, even if it is only the seal the rancher may kill for his own use, must be officially inspected, and that recognition of such inspection is to be shown by the attaching of a tag.

### LANDS ARE RESTORED.

Several townships in Western Emery county and the eastern part of Sevier county, formerly withdrawn by the federal government as coal land, have been restored to entry. In the restoration are parts of Townships 25 and 26 South, Range 4 East; 24, 25 and 26 South, Range 5 East; 22 and 24 South, Range 6 East; and 12 South, Range 7 East. The land is now subject to entry at any time.

### FORETHOUGHT.

People are learning that a little forethought often saves them a big expense. Here is an instance: E. W. Archer, Caldwell, O., writes: "I do not believe that our family has been without Chamberlain's Colic, Cholera and Diarrhoea Remedy since we commenced keeping house years ago. When we go on an extended visit we take it with us." Obtainable everywhere.—Adv.

### PROBATE AND GUARDIANSHIP NOTICES.

(Consult county clerk or the respective signers for further information.)

### NOTICE TO CREDITORS—ESTATE OF MARY JANE HOWLEY, Deceased.

Creditors will present claims with vouchers to the undersigned at Ewell, Utah, on or before the 26th day of July, A. D., 1917. JOHN T. ROWLEY, Administrator of Estate of Mary Jane Howley, Deceased.  
First pub., May 25; last June 22, 1917.

### SHERIFF'S SALE—IN THE SEVENTH JUDICIAL DISTRICT COURT OF CARBON COUNTY, UTAH.

Ruth E. Lynch, Administratrix of the Estate of Frederick W. Lynch, Deceased, Plaintiff, vs. Chris K. Jensen, Elita Barbara Jensen, Husband and Wife, Defendants. Sheriff's Sale. To be sold at sheriff's sale on the 23d day of June, 1917, at the front door of the county court house of Carbon county, Utah, in the city of Price, Utah, at the hour of 11 o'clock in the forenoon of said day, to the highest bidder for cash, all the right, title, claim and interest of the above named defendants, and each of them, of, in and to the following described real estate, to wit: Lot Four (4), Block Ten (10), Beechfield townsite, together with all improvements thereon situate, consisting of one log house, covered with rustic lumber and containing four rooms, all situated in the town of Beechfield, Carbon county, Utah. Dated, Price, Utah, this 21st day of May, 1917. GEORGE COLLINGHAM, Sheriff of Carbon County, Utah.  
First pub., May 25; last June 15, 1917.

## A Telephone IS A NECESSITY!

If you are to get the most money out of your farm, you need a telephone to keep you in constant touch with the markets and enable you to sell where and when the prices are best.

Besides, the telephone puts everyone within sound of your voice—it gets the doctor for you quickly—gives orders to the storekeeper—lets you talk to faraway friends—calls help when you need it in a hurry—gives protection to your family—and banishes loneliness. Have one installed.
